Here's a visual crash course in Casa Estudio's designs. You can spot the 80s and 90s influence here - call it the MTV effect.

Merida Rugs

Casa Estudio clearly love bold patterns. But form, function and quality still come first, as you'll see in their handcrafted wool rugs.

Verdon Cushions

'Good design should make you happy,' Casa Estudio say. At £20 each, these feather-filled cushions should do the trick.

Joint Coat Hooks

Crafted from sustainable mango wood, Casa Estudio's coat hooks can give your hallway some quirk. Mix the colours - make a feature of it.
