The Style Options

Our team of design experts have compiled two key looks for you: Modern and Industrial. Curated using their expertise on interiors and designed trends, while leaving room to add your own twist. With Freestyle, however, you get to choose your own look from scratch. Have a look - see which option suits you best. Once you've made a choice, we'll take care of the laborious bits.

Modern

Drawing inspiration from city architecture, Modern is a sleek, urban look that could've come from the pages of an interiors magazine. We've chosen 10 pieces in grey and monochrome with high-gloss finishes, interesting textures and the odd metallic accent. It's perfect for city dwellers who want to come home to clean, contemporary surroundings.

Industrial

Imagine a Brooklyn loft, filled with reclaimed wood, rugged metal and vintage leather. That's the industrial look. Tailor made for busy urbanites who want an unfussy, effortlessly cool home. We've softened this tough-luxe look with a few copper accents and soft greys. But you can nail the Williamsburg look with a few sentimental ornaments, old books and plants.
