We're a vibrant tech company with a heartfelt mission: to connect users to their family stories. Our site, which accesses billions of records, helps curious people find relatives, descendants and origins they never knew they had.

It's a gratifying mission, and one that needs a talented team of engineers, scientists marketing experts and creatives. If that sounds like you, join us and make a lasting impact on our product, business and most importantly, our customers' lives. We have offices in Shoreditch, Dundee, Dublin and the US.

Meet our people

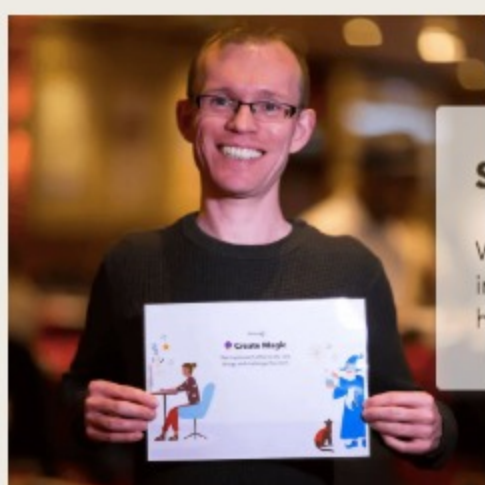

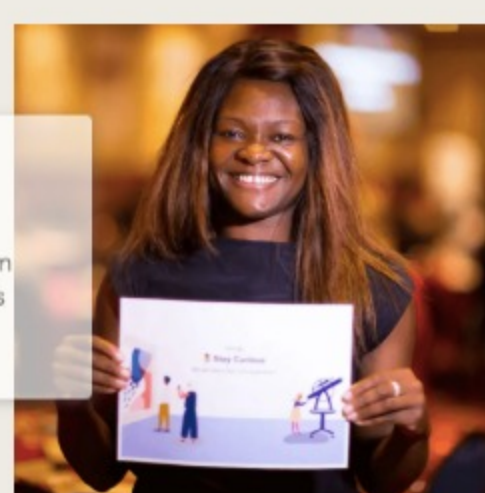

Germán - Product and Program Owner

I really enjoy working at FMP. It's small enough that you get to know everyone and build really strong relationships, but there's also enough space for you to grow and seek new challenges. The company has supported me every step and I'm really grateful. I've gotten into family history since starting here and it's been a really rewarding and at times surprising journey. I highly recommend it!

Natalie - Head of Customer Engagement, Brand and PR

I love that I work for a business that can make a huge difference to people's lives. Helping customers trace who and where they came from gives everyone a real sense of purpose and satisfaction. The culture's great too - we have Friday drinks, a different cuisine prepared for us one day a month, and this year's highlight: a two-day off-site trip.

Steve - Digital Implementation Manager

Working at FMP was a chance for me to take ownership of a role, and develop the more technical side of my skills in analytics implementation. I get to work with lots of different people on different projects, so there's no chance of getting bored! Working in family history means I'm never stuck for an ice-breaker - everyone's got a fascinating story.

We're committed to diversity

We aim to be an inclusive environment, where unique perspectives are welcomed and valued. We want everyone to feel empowered and connected with others, and to help Findmypast be a more inclusive place.

As an advocate of equal access to jobs and promotions, we think everyone should have opportunities to make an impact, and that by nurturing diversity, we'll remain a forward-thinking family history company.

CEO, Tamsin Todd
